

*Louisiana Alpha Delta Kappa
2022-2024 Biennium Report
State Altruistic Chairman Report*

Sisters,

Thank you so very much for your support during this biennium. It was thrilling to know that we had 100% of our chapters reporting during the first year of the biennium. As a result, I was able to submit the state report prior to the deadline.

Prior to the 2022 state convention, I reached out to the local Alzheimer's Association in Shreveport Louisiana for information and tokens that could be used for a donation. As a result, I was able to set up a table at the 2022 State Convention to bring awareness to The Longest Day in June that is one our International altruistic projects and begin to collect donations. I set up a team page on The Longest Day Website. Communicated with chapter presidents and altruistic chairman in order to help them with their chapter activities. I attended m chapter. Alpha Sigma's Longest Day activity.

During the course of the biennium, I attended:the 2022 Gulf Regional Conference in Jacksonville, Florida and the North/South Leadership Workshops in Winnfield and Lafayette, Louisiana. I attended ZOOM and in person meetings called by the the State President, Leslie Koenck. I attended inservice with Gulf Altruistic Chairman, Debby Stubing. I attended the International Convention in Kansas City, Missouri and attended updated training.

I will be attending our state convention on March 8- 10, 2024 where I will be collecting chapter donations and activities as in relates to the state altruistic project, the Cystic Fibrosis Foundation. I will also give a report on our final altruistic total for the 2022 -2024 Biennium.

Respectively Submitted,

Barbara Stainback - Alpha Sigma -District II
