

JULY 2024
LOUISIANA
ALPHA DELTA KAPPA

Renew, Refresh, Reset

Educators have such a unique perspective of so many things - One of those is summer! The whole world seems to start anew in January but educators are blessed with summer breaks as a time to renew, refresh, and reset as well.. We naturally see this time as a chance to slow down a bit - No 5:30 a.m. alarm clocks; take time to ourselves by catching up on reading or taking a vacation; and start to look ahead to what this next school year has in store. As you experience these stages this summer, I encourage you to look ahead with excitement to the opportunities Alpha Delta Kappa may bring your way. Plan to join sisters in fellowship, celebrate milestones, help others less fortunate, and make new memories along the way. Think about why you have loved Alpha Delta Kappa and prepare to share that with other educators. Don't keep the fun of Alpha Delta Kappa to yourself.

In sisterly love,

IT'S TIME TO TRAVEL!

Louisiana sisters are headed to Georgia to participate in the Gulf Regional Conference. Look for pictures next month.

Invite a Friend or CoWorker

Have you considered who is missing out on the fun of Alpha Delta Kappa?

Your coworker next door, the friend you used to teach with that switched schools, your leadership at your school, your friend who took a break from Alpha Delta Kappa... All of these are potential members. Reach out to check in on them and plant a seed. Invite them to your back to school meeting. Follow up when the meeting gets closer.
